SHARM ELSHEIKH

Egypt has a deep-rooted civilization which began when the ancient Egyptians established the first central state on the banks of the river Nile. Throughout the centuries, Egyptians interacted with other civilizations and people.

Egypt is ranked number one for favorite tourists' destination among travelers from the Middle East and North Africa region for the ninth consecutive year.

Sharm El-Sheikh City :

With sunshine and warm water all year round, Sharm El Sheikh is the closest destination to Europe where you can soak up the sun, dive around amazing coral reefs, and enjoy the sea any time you need a break from your routine. The climate is lovely and dry all year long with temperatures ranging between °20 and °25 C in the winter months, whereas in summer the temperatures go up a little reaching high of 30 to °35 C.
