PLAYING RULES FOR THE AMERICAS CUP

17. GENERAL

- 17.01 Any matter not expressly covered by the Playing Rules shall be determined by the WDFARC whose decision shall be final and binding.
- 17.02 The Playing Rules of the WDFARC are those of the WDF except in the cases where no specific rule exists, to the knowledge of the Executive, and the Executive has made a ruling. If the specific rule is, in the future, clarified by the WDF it shall be so changed into the rulings of the WDFARC.
- 17.03 All players or teams shall play within the Playing Rules of the WDFARC and, where necessary any supplementary rules laid down by any Association in their own league or events, or by the WDFARC in its own tournaments and events.
- 17.04 Players shall have their own darts.
- 17.05 Darts shall not exceed 12 ins (30.5 cm) in length nor weigh more than 50 grams.
- 17.06 "Hammerhead" type darts and darts with spring-loaded tips and points will be allowed.
- 17.07 A throw shall consist of three darts and shall begin when the player sets up at the oche and shall end when he retrieves the darts from the dartboard.
- 17.08 A player may change his darts at any time during a leg, set, or match, but not during his throw unless the referee is satisfied that one or more of the darts is broken beyond repair within three (3) minutes.
- 17.09 A player shall be given three (3) minutes in which to throw his three darts. This includes time needed to repair or change flights, shafts, or points. Any darts thrown in that throw after three minutes will not count.
- 17.10 Players shall have the right to request a check on the height of the dartboard, the distance from the oche, or the diagonal distance from the board to the oche, prior to the start of the match.
- 17.11 A player shall be called for three (3) times for his game with a two (2) minute wait between calls. Failure to show two (2) minutes after the third call will result in that leg, set or match, whichever is applicable, being forfeited.
- 17.12 During the throw only the player throwing may communicate with the scorer as to score thrown, or remaining.
- 17.13 The scorer may only indicate what is left and not how to finish (32 left, NOT double 16).
- 17.14 No prompting shall be allowed by any person while the player is at the oche. A first offense will be covered by a warning. Any subsequent offense by the same player will result in the forfeiture of that leg.
- 17.15 A player may step back from the oche at any time and confer with anybody.
- 17.16 In all line-ups the order of play shall be the same order as is written down on the score sheet.
- 17.17 If a player throws out of turn in a team game (doubles, triples etc.) then that player's throw that should have thrown will be forfeited and the score of the player that threw out of turn will not count providing it is pointed out before that team's next throw.

17.18 A player will be allowed six (6) practice darts from the time the referee or scorer calls for the game

18. THE THROW

18.01 A throw shall consist of three (3) darts unless a leg, set or match is finished in less than three darts.

18.02 All darts are to be thrown by, and from, the hand.

18.03 Any dart bouncing off, or falling out of the dartboard shall not be rethrown, unless it is the dart thrown to decide on who throws first at the start of a leg, set or match. Such a dart may be rethrown

19. STARTING AND FINISHING

19.01 Every leg must be started by two players throwing for the bull unless tournament or event rules state otherwise.

19.02 In matches other than singles any listed player may be the one to throw for the bull.

19.03 In matches other than singles, the first player listed will be the one to throw in the game.

19.04 When throwing for the bull, closest to the bull goes first. If the first dart thrown hits a single bull or a double bull it shall be removed before the opponent's dart is thrown. If both players hit double bull or both players hit single bull, then the darts shall be rethrown, the second player's team now throwing first (i.e. the same person need not rethrow).

19.05 Hitting double bull when deciding on who throws first in a game does not constitute the start of a game and does not score.

19.06 A game shot called by the referee is valid only if the darts thrown achieve the required finish as stated by the scorer/referee, and remain in the dartboard until retrieved by the thrower after "Game" is called.

19.07 Any dart mistakenly thrown by a player, after scoring the required double shall not count, as the respective leg, set or match is concluded by the dart scoring the required double.

19.08 Centre Bull (or Double Bull) shall count as 50, or double 25 and may end a game as a double.

19.09 The "Bust Rule" shall apply in all games of *-01. That is, if a player scores more than the score required to end a leg then the score reverts back to what it was at the beginning of the throw.

20. SCORING

20.01 A dart shall only score if the point remains in, or touches, the face of the dartboard within the outer double wire, and having been called, shall be retrieved from the dartboard by the thrower. If the dart falls out before being retrieved it shall not count, even if the scorer has called it, and the score is amended as necessary.

- 20.02 Darts shall be retrieved from the dartboard, by the thrower, but only after the score has been called by the scorer or referee.
- 20.03 A protest about the score attained after the retrieval of the darts may not be upheld.
- 20.04 If a dart is supported by other darts it shall only score if the point of the dart is touching the dartboard in the part described above, in 20.01.
- 20.05 The score is counted from the side of the segment wire in which the point of the dart enters, and remains in, or touches, the face of the dartboard.
- 20.06 All requests to check the scores recorded, or substitutions made, must be made before the player's or team's next throw.
- 20.07 The first player or team to reduce their scores required to exactly zero by obtaining the required double (in games of -01) shall be the winner of that leg, set or match, whichever is applicable.
- 20.08 Any dart travelling over four (4) feet from the throwing line will be counted as thrown.
- 20.09 If a scorer or referee communicates the wrong number required to finish, then that number should be the score left, even if it is wrong, unless an objection is made before the dart is thrown. In such a case the opposing player (team) may make the objection.
- 20.10 When a player asks the scorer for the score remaining, in mid throw, the scorer must write that score, clearly visible, on the scoresheet.
- 20.11 The actual score required must be shown on the scoresheet, or scoreboard, clearly visible, in front of the players and the referee.

21. DARTBOARDS

- 21.01 All dartboards shall be of the "Bristle" type.
- 21.02 All dartboards shall be of the 1-20 clock pattern.
- 21.03 The inner narrow band shall score treble the segment number.
- 21.04 The outer narrow band shall score double the segment number.
- 21.05 The outer centre ring shall score 25.
- 21.06 The inner centre ring shall score 50 (or double 25) and shall be called "the bull".
- 21.07 The dartboard shall be fixed such that the perpendicular height from the centre of the bull to the floor, at the same level as the oche (line) shall measure 5 ft. 8 ins. (1.73 m).
- 21.08 The four colours of the dartboard shall be: Black, Red, Green, and off-White (yellow).
- 21.09 The dartboard shall be fixed such that the "20" segment is coloured Black and shall be at the top of the dartboard.

22. OCHES (LINES)

- 22.01 Where possible, a raised oche should be used in all darts games. A raised oche must be used in all WDFARC events and tournaments.

- 22.02 A raised oche at least 1½ ins. high and 2 ft. long (38 mm high and 610 mm long), must be placed in position at the minimum throwing distance and shall measure from the back of the raised oche 7 ft. 9¼ ins. (2.37 m) along the floor to a plumb line at the face of the dartboard.
- 22.03 The diagonal distance from the centre of the bull to the back of the raised oche at floor level shall measure 9 ft. 7½ ins. (2.93 m).
- 22.04 During matchplay no player shall tread on any part of the raised oche, nor shall the player deliver any dart with his feet in any position other than behind the toe edge of the raised oche.
- 22.05 A player wishing to throw a dart, or darts, from a point either side of the raised oche must keep his feet behind an imaginary straight line extending from either side of the raised oche.
- 22.06 Any player in breach of rule 22.04 or 22.05 shall first be warned by the referee. Any dart thrown subsequently, in breach of these rules, shall not score, and shall not be rethrown.
- 22.07 In regular season play, the word "line" may be substituted for "raised oche" in this section.
